

Space Shuttle Design Contest

Challenge:

Create a space shuttle using household items effectively labeling the major components of space shuttle.

Rules & Guidelines:

1. The competition is open for school students
2. Paper based model of the shuttle may be created
3. Household items/ recycled junk may be used to create your shuttle model
4. The shuttle may be uniquely designed and decorated however at-least 2-3 major/ widely used components must be displayed and labelled
5. The work will be judged on the basis of creativity, design and novelty
6. Logos of SUPARCO and WSW must be displayed and clearly visible on the model. Any entries without the logos will be subject to disqualification
7. Take high-resolution images of your shuttle (front view, top view etc) and submit as image files (JPEG/PNG etc) along with the submission form at wsw.sead.pakistan@gmail.com before the deadline.
8. Last date for submission is **23 Oct 2021**

How do I win?

To be eligible for winning the competition, the challenge and submission requirements must be met as per details mentioned above.

Judging Scorecard

The judging panel will rank the submitted entries using the following Judging Scorecard:

Metric	Weightage
Challenge fulfillment as per rules and guidelines	50%
Creativity, design, relevancy, material selection, practicality, sustainability and novelty	25%
